Fees: \$15.00 non-refundable audition fee.
 \$5.00 late fee for applications received after August 20, 2011

How You Become a DT Dancer

Placement in the DT Program is done by audition. Placement decisions are derived from many years of teaching experience. In addition to technical capabilities, commitment, attitude and reliability are also considered. Some students need placement in a level to boost their self-esteem and keep them encouraged about their progress. Some respond best to the challenges of a higher level with dancers more advanced than they are. Each child is different. The factors that go into group placement are highly individual. We strive to meet each child's needs. We can schedule conferences through the front desk if you have questions or concerns.

Statement:

I have read and understand the Overview and Requirements for participation in the DT Program. Upon acceptance into the program, our signatures confirm that we agree to abide by all rules pertaining to behavior, commitment, standards, and payments. I understand that all auditions are final and non-negotiable.

 Student's Signature Date _____

 Parent/Guardian Signature (if applicant is under the age of 18) Date _____
